

# PTA's WELCOME

On behalf of the Lake Seneca Elementary School (LSES) Parent Teacher Association (PTA), I would like to extend a warm welcome to our new parents and welcome back all our returning parents to the 2008-2009 school year! **We invite**

**every parent and/or guardian to join our PTA.** We look forward to your involvement in our school community and encourage you to become a part of your child's education. We need your support as volunteers and your contribution by way of your membership dues and donations so that we can provide the wonderful programs and services that benefit our children, teachers, and community. The PTA is and should be an active and productive a partnership between the school and our community.

By working together with parents and teachers we can become a united voice to provide the educational opportunities to the LSES students. We are the united voice that can make a real difference. Our goals this year are to elicit active involvement for the parents and community and to facilitate participation to ensure the success of the children at LSES. In order to reach these goals we will advocate for student success, provide programs that will support the academic development of our students and provide training for parents to support their students.

I look forward to getting to know each of our families and to work with them in order to make sure that our children succeed while at LSES. Together we can make a difference and we can ensure our children's academic success.
